**2003 – 2004 LEGISLATURE** 

LRB-1554/2 RJM:wlj:pg

## 2003 BILL

1 AN ACT to amend 182.0175 (2m) (a) 2. and 182.0175 (2m) (b) (intro.); and to

2 create 182.0175 (1) (bt) of the statutes; relating to: excavation notices.

Analysis by the Legislative Reference Bureau

Current law requires all transmission facilities owners to ensure that a system is in place to receive notices of proposed excavations and to forward the notices on to owners of transmission facilities that may be affected by the excavations. Transmission facilities include such things as utility wires and associated facilities, water and sewer systems, and communications facilities. Under current law, upon receiving a notice of a proposed excavation, the owner of transmission facilities must mark the notice in such a way that the excavator will be able to locate the effected transmission facilities and perform the excavation without endangering the facilities or the public.

Under this bill, any local governmental unit that receives such a notice relating to its sewer or water facilities must mark the location and entire length of all laterals connected to the sewer or water facilities at the area described in the notice.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

Section 1. 182.0175 (1) (bt) of the statutes is created to read:

182.0175 (1) (bt) "Local governmental unit" means a political subdivision of

this state, a special purpose district in this state, an instrumentality or corporation

area of the excoration of the
